Data from the Uniform Crime Report published by the U.S. Department of Justice (www.fbi.gov/ucr/ucr.htm). Because of reporting requirement differences, UCR and Campus Right to Know (www.muohio.edu/campuscrime/) statistics may vary. Miami University assumes no responsibility for other agencies' data as reported in the UCR.

¹The personal crime index is the number of violent crimes (murder, rape, robbery and aggravated assault), per capita, multiplied by 1,000.
